

Sung Gospels...

The practice of chanting the Gospel during Mass is an ancient and beautiful tradition of the Catholic Church. It provides "a relevant and desirable way of adding the appropriate solemnity and grace to the liturgy." Unfortunately, it is also rarely employed in Catholic churches in the United States today, in large part due to the lack of settings available to priests and deacons. This 98-page book contains the English text of gospels for 42 of the major solemnities and feasts of the liturgical year, taken from the Lectionary for Mass. Each text is carefully set to a simple, yet beautiful chant tone. Both music and text are presented in large type for ease-of-use during your liturgical celebration.
